7 Worlds Biggest Exporters

China remain at top with \$3.5trn in exports followed by US with \$2.02trn

RankingRoyals

World's Biggest Exporters

In 2023, global exports of goods hit \$23.8 trillion, down 5% from the previous year. China stayed on top, exporting \$3.4 trillion, nearly \$1.4 trillion more than the U.S. which came second with \$2 trillion. Germany followed at third. Most of the top 30 exporters saw declines, thanks in part to rising trade restrictions, which have jumped fivefold since 2015. Still, China's export volumes held strong, helped by cheaper manufactured goods, while the U.S. posted a \$65 billion energy surplus, boosting its trade position.

8 Which countries produce the Most Silver?

Mexico maintaining its centuries long dominance in silver production, accounting for nearly a quarter of the worlds output

Source: Vizsla Silver Corp, Metal's Focus, Precious Metals Commodity Management, Visual Capitalist

9 Cities with the most Billionaires

Mumbai and Delhi coming in top 10 cities globally

O Gold Addition 2020-24

China, India and Poland have been very aggressive in adding gold over last 4 years

Note: Turkey has been excluded due to methodology changes. Source:World Gold Council, Business Standard calculation
